REPORT OF THE STUDENT'S FEED BACK

Feedback system based on curriculum is effectively implemented and analysed for improving the academic ambience that could influence the teaching and learning experience of the students. As part of this, feedback is collected from different stake holders viz. students, teachers, parent and alumni that includes questions on various aspects on curriculum/syllabus and its effective updating, suiting the need for its revival, remedies for improvement. The

report received from various department and its analysis help to make good strides in teaching and learning experience. In the context of the reviewing and restructuring of the syllabus and curriculum, the faculty members of our college who are members of various Board of studies take up the views as reflected in the feedback and suitable changes are incorporated as and when necessary. Feedback collected from the students are collected, consolidated by the committee meant for it and is handed over to respective departments. Based on the report received from various department, college level meetings were convened and relevant things were implemented. Constructive recommendations are put into practice after discussion from next academic year. The faculty members of the college has representation in Board of studies of the various subjects in affiliating University, the suggestions received from different stake holders such as teachers, parents and alumni can be addressed to higher ups and the same can be implemented if feasible after deliberations. This will facilitate inclusion of these points during the curriculum revision. Through this way curriculum revision and implementation were effected in the college.
