# **SELF STUDY REPORT**

## **PREFACE**

Accreditation self study report is a most valuable document, since our college is preparing itself for the reaccreditation by National Assessment and Accreditation Council (NAAC). The document has been prepared with utmost sincerity and honesty to the best of our knowledge and belief. This report is prepared according to the instructions laid down by NAAC which include (a) Profile of the college (b) Preface (c) Executive Summary (d) Criterion wise evaluation report (e) Evaluative report of the departments (f) Post accreditation initiatives and (g) A declaration by the head of the institution.

Sri Vyasa N.S.S. College, Wadakkanchery is one of the premier colleges of the state of Kerala. The college was established in 1967 by the Jnana Asharam, a Hindu spiritual congregation renowned for philanthropic and social welfare activities. Nair Service Society, one of the earliest and most venerated social organizations of Kerala, founded by the great social reformer Bharatha Kesari Mannath Padmanabhan took over the administration of the college in the year 1971-72. The college was established with a clear vision and mission. The main objective of the college is to contribute to the transformation of prevailing social conditions, so that values enshrined in the constitution of India- social justice, equality of opportunity, democratic freedom to all, tolerance and respect to all religions- may be brought closer to realization, opening up to the people of our country with special emphasis on Kerala for greater possibilities of the existence of real human beings.

The institution is very much aware that the dimensions and quality of education keeps on changing with time, and its quality cannot be assessed by a single yard stick; rather it can be monitored through the change in national and global trends in teaching and research. It is important for any centre of higher education to know that true service lies in imparting education, inculcating moral values and motivating young minds towards research for the future not only of our country but of the entire world. The NAAC has developed certain measures for continuous improvement of the quality of

higher education. In the present report we tried our level best to meet the demands as laid down by NAAC. The college is committed to the core values of NAAC.

### **Writing Self Study Report**

It was impossible to complete this self study report without the whole- hearted support and co-operation of entire Sri Vyasa N.S.S. College family. First, I wish to thank our head of the institution, Dr. Subhashchandran, Principal of our College who entrusted me to prepare this Self Study Report (SSR). I am indebted to him for his constant support and encouragement during the preparation of SSR. I also wish to extend my thanks to the members of IQAC and to all those who directly and indirectly supported/helped me/us in preparing the Self Study Report (SSR).

I am very much keen to meet the Peer Team of NAAC during their forthcoming visit to our institution. Such occasion and interaction provides all of us; the management, faculty members, supporting staff, students and other stake holders to enrich our selves with their comments and suggestions.

We are eagerly looking forward to welcome the Peer Team and hope they will applaud us for our efforts.

With thanks and greetings.

Co coordinator, Steering Committee, Self Study Report

## **Sri Vyasa N.S.S. College, Wadakkanchery**

### **NAAC Executive Summary**

#### **Criterion I: Curricular Aspects**

Established by Jnana Ashram in 1967, Sri Vyasa N.S.S. College, Wadakkanchery is a postgraduate college run by Nair Service Society. Its mission is to train young men and women to become good citizens of the country, develop global competencies and the skills necessary for being successful in life.

The college has been following the semester system since 2009. The college offers eight undergraduate programmes, three postgraduate programmes and is a research centre for Chemistry. Further, there were also a number of add-on courses (Certificate, Diploma and Advanced Diploma) till 2008-09. The English Department in the college offers an Add On Course in Advanced Diploma in Communicative English. TEACH is another initiative by the department which aims at familiarising the new methods of teaching and learning English language to School students of the local community. EWE is another programme which aims at imparting communicative English training to the rural women of neighbouring panchayath.

The college provides an environment fostering research. In the last five years the college has spent a sum of Rs. 50 lakhs on procuring new equipments. It has also set up a Central Instrumentation Lab at a cost of about 30 lakhs. In addition, the Physics Department has a separate project lab for nanotechnology, set up at a cost of about one lakh.

The college has NCC and NSS, along with an Enviro club in the chemistry Department, Nature Club in Botany Department, ED club and Financial Literacy Cell in Commerce Department.

Project work, field trips, add on courses, *etc.* are the compulsory components

of various programmes. The college also invites experts from various fields as faculty. Facilities for providing computer skills exist in the college. To help the slow and disadvantaged learners, the college arranges remedial classes. There is a feed-back mechanism.

### **Criterion II: Teaching-Learning and Evaluation:**

The college has an Internal Quality Assurance Cell (IQAC) that meets periodically to discuss the various issues regarding teaching-learning and evaluation. The process of admitting students to various programmes is transparent. Students are admitted by the university on the basis of their performance in a qualifying examination followed by an interview. However, the college follows the guidelines laid down by the Government of Kerala in matter of reservation. This is a co-educational institution, and in some disciplines the number of girls exceeds that of boys. There is also a reservation policy for differently-abled students. Free studentship is given to economically marginalized students.

The college offers a proper blend of academics and sports for the all-round development of students. Before the commencement of various programmes, there is an orientation programme in which the students are made aware of the traditions and objectives of the college. The college is sensitive to the needs of disadvantaged students for whom remedial classes, counseling and special classes during vacations are organized.

The academic progress of a student is carefully and continuously monitored. Group Tutorial system is introduced to give individual attention to the academic requirements of students. Great emphasis is laid on assignments and continuous internal evaluation. The college lays great stress on attendance. The college prepares both monthly and annual academic calendars. The teaching-learning method is increasingly becoming learner-centered. Free internet access is provided to students so that they can use it for self-study.

The college has a total of 39 Permanent government-aided faculty members, of which 16 are male and 23 female. There are 12 faculty members with Ph.D. and 7 with M. Phil. Degree. Thirteen teachers have currently registered for their Ph.D. Approximately 80% of the faculty members have participated in workshops/seminars/ conferences and 67% of the teaching staff have presented their papers. There is also a self-appraisal system for teachers in place.

The schedule for examinations is published by the University Examination Department well in advance. The examination papers are coded.

### **Criterion III: Research, Consultancy and Extension:**

A number of members of the faculty have been Ph. D. supervisors. Four major and 10 minor research projects of the UGC have been received by the faculty of the college.

In the last five years, UGC sponsored two national seminars and one state-level seminar and 18 work-shop/one day seminars have been conducted.

In order to encourage research, during the last eight years the college has spent Rs. 91,01,000 on the purchase of books, equipment and other infrastructural facilities. 12 research journals are available in the college library for the use of students and researchers. The college also subscribes ten on-line journals. There is a Central Instrumentation Facility Centre to facilitate higher level research in the institution. The faculty members of all the science departments have access to the infrastructure available at the centre. Two conference rooms and a large auditorium are there in the college to organize national and international seminars/conferences. The conference halls are equipped with multimedia projectors and other facilities for conducting events. Wi-Fi connectivity is available for students and teachers in the campus. The college has also taken an initiative to collaborate with other organizations for fostering research activities. For instance, it has signed a MoU with National Institute of Technology (NIT), Thiruchirappally to establish a working relationship for studies in

peptides and carbon nanotubes. Dr. K. P. Subhashchandran is conducting collaborative research with NIT in the field of peptides and carbon nanotubes. After the previous accreditation a sum of Rs. 30 lakhs has been received for conducting basic science research and various other research activities (including major & minor research projects). For instance, in the last five years, our faculty members have published a total of thirty two research papers and articles taken together. The faculty members have also published books during this period.

Outreach programmes are regularly organized by the college. 32 cadets of the college participated in Pulse Polio Campaign duty in 2011. A number of students of the college participated as volunteers in various events. Students of the NSS have organized tree-plantation programmes, blood donation camps, AIDS awareness programmes, street plays to highlight social evils and many other programmes of social relevance. The college promotes institution-neighborhood network through NCC, NSS, Nature club, Enviro club, ED club, Financial Literacy Cell, etc

For their on-the-job training, students of this college have visited various organizations like C-Met, Kerala Agriculture University, Kottakkal Arya Vydyasala, etc.

To encourage research activity, Cash incentive up to the tune of Rs. 20,000/- is given to faculty members for participating in seminars/conferences outs inside the country. Financial assistance for in the form of rail fare (Two/Three AC class) is given to the faculty for participation in national seminars.

#### **Criterion IV: Infrastructure and Learning Resources:**

The college is sufficiently well-endowed in terms of physical infrastructure. College is located on a sprawling sylvan campus rich in flora and fauna, Vyasagiri, a beautiful village, 15km away from Thrissur and 5 km from Wadakkanchery the nearest town. The College is situated in a 35 acres plot with 6143 sq. mts. of built-in area spread over in 6 buildings. It is presently offering

courses in 3 streams namely, Arts, Commerce and Science. At present the college has 27 classrooms out of which 22 classrooms are large in size; 11 classrooms are of moderate size and can accommodate up to 60 students. In addition to classrooms, the college has 03 audio rooms, 11 laboratories, 01 computer lab and one gas plant for the labs. Additional classrooms are being constructed in the main building for which the college has a budget allocation. The college has a central library. The bar coding of books in the library has been completed. There are other facilities such as cool and clean drinking water and wash rooms for students and the faculty. The college also has a health centre. The college has a placement and counselling centre too.

The college plans to provide transport facility in future in a phased manner. So far as the power supply is concerned, the college has supply from two govt. high-tension transformers and generators for power backup. The college has a canteen, a room for the visiting doctor. All the departments and the offices including the General Staff Room have intercom facility. For all academic activities, the college has the following facilities: multi-media projectors in classrooms, OHP, microphone facility in large rooms.

For encouraging the students to take part in sports, the college has a football ground and one volley ball court and gymnasium. The college also has a full-time qualified physical training instructor.

#### **Criterion V: Student support and progression:**

As mentioned earlier, the college has a well-equipped campus. Our results show that on an average 85% of our students are successful in the examinations.

In keeping with the vision of the college, which is to contribute

significantly in the development of the State of Kerala, the college always provides special assistance to students of disadvantaged groups in the form of remedial classes and counselling. In fact, counselling students is a regular activity in this college.

#### **Criterion VI: Governance and Leadership:**

The Principal, the various Heads of the Departments provide effective leadership enabling the college to fulfil its twin missions of excellence in education and empowerment of the weaker sections of society. Besides the Internal Quality Assurance Cell (IQAC) there are a number of committees to perform the various functions related to the college. The college also has a staff council with the Principal as its ex-officio President.

#### **Criterion VII: Innovative Practices:**

Over the years, the college has adopted a number of innovative practices, the particulars of which are given in the detailed report. The popularity of the college is indicated by the number of applicants for different courses that is going up every year.

In the various functions of the college, the core values of NAAC are reflected. For realizing the vision of making quality assurance an integral part of the functioning of an institution of higher education, the college subjects itself to periodic self and external evaluation. It also collaborates with the stakeholders for assurance and sustenance of quality in higher education. All the five core values of NAAC, that is, national development, fostering global competencies among students, inculcating a healthy value system, promoting the use of technology and quest for excellence are sought to be promoted by the various functions of the college.

**Action taken in the light of the recommendations of the Peer Team which visited the college in 2007:**

In the light of the recommendations of the Peer Team which visited the college in 2007 the following steps have been taken:

- Most courses are periodically reviewed and revised to make them relevant to the needs of the students.
- ICT has been planned in all courses, which has modified the teaching-learning methodology.
- New linkages have been formed with industry and research centres.
- To facilitate research a Central Instrumentation Centre has been established.
- A career counseling and placement centre is functioning in the college.
- A Grievance Redressal Cell and a Women Cell have been set up in the college.
- Syllabi are constantly reviewed by the University keeping in mind the nature of the competitive examinations that the students have to take.
- There is a health centre, with a visiting doctor at fixed times, in the college. First Aid facility is available at all times. For emergencies there is a Hospital near the college.
- Since the visit of the Peer Team in 2007, all administrative work has been computerized.
- The overall academic ambience in the college is much better today than what it was five years ago.

## **CRITERION I: Curricular Aspects**

## ***2.5 Evaluation Process and Reforms***

### ***2.5.1. Does the college evaluate teachers on teaching and research performance? How does the evaluation help in the improvement of teaching and research?***

The college has a mechanism for obtaining feedback from the students.

- A Performa for feedback is circulated among final year UG and PG students to evaluate the performance of the teachers.
- A three level feedback method is used to evaluate faculty members, teaching departments and institutions
- Evaluation of teachers is also done by the Principal.

### ***2.5.2. Has the institution introduced evaluation of teachers by the students? How is the feedback analyzed and implemented for the improvement of Teaching and Learning?***

Yes, the college has a mechanism for obtaining feedback from the students.

- A Performa for feedback is circulated among final year UG and PG students to evaluate the performance of the teachers.
- The students evaluate the teachers on performance in teaching, use of teaching aids, punctuality, and completion of syllabus, knowledge input, motivation and other aspects of teaching-learning process.
- The feedback obtained is analysed by the Principal and management to find out the strengths and weaknesses of the teachers.
- Adverse reports are intimated to the respective teachers with suitable suggestions for improvements.

This practice has helped the teachers to improve their overall performance.

### ***2.5.3. Does the institution promote self-appraisal of teachers? If yes, how often?***

- Self-appraisal system exists for teachers once in every year.
- Self-appraisal is mandatory while applying for promotion to higher grade or position.

**2.5.4. Is the appraisal by the teachers reviewed by the head of the institution and used to improve the quality of teaching?**

Yes, necessary directions are given to the teachers by the Principal to improve the quality of teaching and to undertake research work for quality publications.

**2.5.5. Does the institution have an academic audit of departments? Illustrate.**

Academic audit of all the departments and quality assurance is carried out through IQAC.

- IQAC provides guidelines to all the departments to incorporate new components in the methods of teaching.
- IQAC also deliberates on the allocation of funds to the respective departments and upgradation of infrastructure.

**2.5.6. Based on the recommendations of the academic audit what specific measures have been taken by the institution to improve the teaching, learning and evaluation?**

The college has taken the following measures on the recommendations of IQAC.

- Computers with latest configuration and internet facility have been provided to all the departments.
- Use of technology has been increased in the teaching learning process.
- Self study component has been incorporated in all the courses.
- Language lab has been set up to improve the communication skills of the students.
- Wi-fi facility has been extended to the students who can get information regarding higher courses besides enhancing their knowledge.
- Continuous Internal Assessment (CIA) through assignments, seminar, along with mid-semester evaluation.
- All the students are given a handbook in which all the information regarding vision and mission of the college, courses offered, faculty information, rules and regulations of the college, tentative dates of examinations, rules regarding promotion to the next semester, and holidays are provided.

**2.5.7. How does the institution monitor the performance of the students? (Annual/ Semester Exam, Trimester Exam, Mid-term Exam, Continuous Assessment, Final Exam, etc.)**

The institution monitors the performance of the students in the following ways:

- Attendance records for the semester are displayed on the departmental notice boards. 75% attendance is mandatory for any student to take the end-semester exams.
- Two Mid-semester exams and test papers are conducted every semester and the results are displayed on the departmental notice boards.
- The answer scripts are also shown to the students to help them to analyse their mistakes.
- Seminars held at the level of the department enable the students to make use of technology. Instant feedback is given by the faculty to make them aware of their shortcomings.
- Assignments and project work are evaluated by the teachers and necessary suggestions are given to the students.

***2.5.8. How is the evaluation methods communicated to students at the beginning of the year?***

All information regarding examinations and evaluation is communicated to the students:

- Through the college handbook given to each student at the beginning of the academic year.
- Notices, issued by the examination department to various departments are also displayed on all notice boards from time to time.
- Information regarding curriculum for the semester and pattern of question paper and distribution of marks is displayed on the departmental notice boards.

***2.5.9. What is the method of evaluation followed? (Central, Door, Double evaluation, etc.)***

Done by University

***2.5.10. What is the mechanism for Redressal of grievances regarding evaluation?***

- If a student feels that the marks awarded are not up to his/her expectation he/she may apply to the University for scrutiny in that paper with prescribed fee within 15 days of the declaration of results
- Scrutiny implies re-totalling and checking of unevaluated parts only. It does not imply re-evaluation of the entire answer book.
- He/she can apply for revaluation also.

**2.5.11. When are the examination results declared? Give the time frame.**

Done by university.

**2.5.12. Does the institution communicate to the parents regarding the evaluation outcome? Describe the weightages given to assignments/ seminars/ dissertation/ field work and written exams?**

The institution officially communicates the results to the parents. However, plans are afoot to post the results on the college website so that the parents can find out about the performance of their wards.

Field work/ projects are part of the practical exam papers of all subjects. Due weightages is given according to the distribution of marks as described in the university syllabus.

**2.5.13. Explain the functioning of the office of the controller of examinations.**

The college has an exam cell with one Associate Professor who looks after the day-to-day functioning of the examination department. Their work involves

- Conducting Mid-Semester exams
- Printing the question papers and answer books
- Getting the evaluation done on time
- Tabulation of marks
- Conducting Examination Committee meetings

**2.5.14. How long has the current system of evaluation been in practice?**

The current evaluation system has been in practice since the inception of the college. However, it is subjected to change as per the university norms.

**2.5.15. Has the institution carried out any evaluation reforms? If yes, what are the reforms made with reference to evaluation? (Peer evaluation, Double evaluation, open book examination, Question Bank, moderation, internal assessment, etc.)**

The college has introduced the following evaluation reforms:

- Peer evaluation
- Question bank
- Internal assessment

**2.5.16. How is the evaluation process made transparent? Illustrate the different stages of evaluation till the declaration of results.**

Transparency is maintained in the evaluation process through the following:

- Names of question setters and examiners are recommended by the HODs and the Principal appoints them accordingly.

The different stages of evaluation till the declaration of results are:

- Appointment of the question setters and examiners as per the recommendations of the HODs.
- Tabulation of the received marks.

**2.5.17. Mention the number of malpractice cases reported and how they are dealt with (average per year)**

<b>Year</b>	<b>Number</b>
2007	1 (Reported to the University)
2008	2 (Reported to the University)
2009	2 (Reported to the University)
2010	3 (Reported to the University)
2011	1 (Reported to the University)
2012	2 (Reported to the University)

If a student is caught using unfair means, the invigilator seizes his/her answer book and reports to the chief superintendent along with the answer book and other related material(s). As per the rule it will be referred to the controller of examinations and he/she may be debarred for a year. He/she is allowed to continue as per the university norms.

**2.5.18. Does the college provide the photocopy of answer scripts to students? Give details of the practice.**

There is no provision for providing photocopy of answer books to the students.

**2.5.19. Give details regarding the computerization of the examination system.**

As per the university norms

**2.5.20. What are the measures taken by the institution to ensure security and confidentiality of the evaluation system?**

The exam department conducts the exam strictly as per the instructions given by the Parent University and the papers are despatched to the university.

## ***2.6 Best Practices in Teaching, Learning and Evaluation***

***2.6.1. What innovations/ best practices are followed by the college with regard to teaching, learning and evaluation, with reference to admission process, student profile/ catering to diverse needs/ teaching-learning process/ teacher quality/ evaluation process and reforms or any other quality initiatives?***

### **Admission Process**

Being a pioneering institution in the region, many courses are offered to cater to the diversified needs of the students.

- The process of admission starts immediately after the declaration of the CBSE/ICSE/State Board results as per the university guidelines.
- The selection list for admission is prepared following the reservation policy of the Govt. of Kerala.
- Efforts are made to complete the admission procedure by the end of June to ensure timely commencement of the academic session from July.

### **Student Profile**

The number of women students has gone up considerably during the last five years, which speaks volumes of the institutions sensitiveness towards gender equality.

### **Catering to the diverse needs**

Although the college is run by NSS, the college caters to all sections of the society by ensuring fair representation in admissions to all.

### **Teaching learning process**

Teaching Learning process has been improved through the following strategies:

- Interactive teaching sessions
- Use of ICT, OHP and LCD
- Providing internet facility in the departments and library
- Remedial classes
- Introduction of Language lab
- Promotion of self-study
- Project based learning

- Subscription of online journals
- Student centered learning
- Students assignments and seminars

### **Teacher quality**

- Appointment of qualified teachers (as per UGC norms) i.e. NET/SLET/PhD
- Encouragement to teachers to attend Orientation/Refresher Courses
- In the aided stream **12** teachers out of **39** have Ph.D. as their highest academic degree (approx. 35%) and **7** have M.Phil. as their highest academic degree.
- All staff members are actively involved in research and publication.
- In the last five years **09** teachers have got their minor research project grant from UGC Regional Office, and **02** teachers got their major research project grant from UGC and other funding agencies.
- Majority of the staff members are acquainted with the use of ICT.

### **Evaluation process and reforms**

- Examination section is entirely computerized.
- Continuous evaluation of a student is done through assignments, seminars and mid-semester exam besides project work in some departments.
- Mid-semester exam answer books are shown to the students in all departments, to make them aware of their mistakes.
- The pattern of question paper is so as to test the all round knowledge of the subject.

### **Quality Initiatives**

- Hi-tech teaching learning methods
- Feedback of the students is taken from external examiners, especially during practical exams.

## **CRITERION III: Research, Consultancy and Extension**

### ***3.1. Promotion of Research***

#### ***3.1.1. Describe various steps taken to encourage research by the faculty (by providing seed money, grants, and other facilities)?***

The college is guided by the parent university regulations for research which does not allow the registration of M. Phil/Ph.D. research scholars at the college level. All research is carried out under the aegis of University of Calicut.

**After the previous accreditation in 2006 the college acted upon the recommendations of NAAC to improve the research environment in the college.**

- The college allows and encourages its faculty members enrolled in research activity to use the infrastructure such as laboratory, Library, equipments, electricity etc.
- The teachers are motivated to apply for UGC/DST sponsored major and minor research projects, conduct conferences, seminars, workshops at the national and the international level. It also encourages the faculty members to attend the same for which college has pledged TA/DA as admissible.
- The college has set up a Central Instrumentation Facility centre, with 24 hrs electricity supply, at a cost of **Rs.30 Lakhs** where modern research equipments are lodged.
- As a result of this motivation five faculty members are registered for their PhD and three faculty members have enrolled themselves as supervisors for guiding PhD during the last five years.
- A total sum of **Rs. 45 Lakhs** has been received by faculty members from UGC/DST/KSCSTE for Major Research Project and has been 8.5 Lakhs received by faculty members from UGC/DST for Minor Research Project during the last five years.
- At the beginning of each academic year the college allocates Rs. 15,000.00 to the various departments to conduct seminars/workshops. More than this amount can be used by the departments if funds permit.

- In last five years the following departments conducted W/S & seminars. During the last five years conferences/seminars were organized in the college, by different departments.

Sl. No.	Department	National	State	One day Seminar/Workshop
01.	English	01		Seminar
02.	Commerce	01		Seminar
03.	Botany		01	Seminar
04.	History		01	Seminar
05.	Physics		01	Seminar
06.	Chemistry		01	Seminar
07.	Mathematics		01	Seminar
08.	Economics		01	Seminar

- The faculty members are encouraged to undergo any faculty improvement programme which would help them to complete their M.Phil/ PhD.

This continuous and constant encouragement by the college has yielded the following results.

- One faculty member has Post Doctoral as their highest degree
- twelve faculty members have PhD as their highest degree
- seven faculty members have MPhil as their highest degree
- Nine faculty members have registered for their PhD
- Three faculty members enrolled themselves as supervisors for the guidance of doctoral thesis.

***3.1.2. Is research a significant activity of the college? How does the institution promote faculty participation in research and recognize faculty for guiding research?***

Yes. The college encourages research by motivating the faculty members who do not possess MPhil/PhD degree to enroll themselves and complete their thesis at the earliest. The college encourages their faculty members to undertake major research project of DST/DBT with more social impact and scope.

The college has no objection to faculty members who are eligible and willing

to supervise research for doctoral thesis as per the guidelines of University of Calicut.

**3.1.3. What provision is made in the budget for research and development?**

The college has spent the following amount **for** purchase of books, equipments and other infrastructural facilities. Particulars of budget allocation is

Year	Books	Equipments	Infrastructural facilities	
			Improvement	Maintenance
2006-07	1,10,000	2,10,000	60,000	50,000
2007-08	1,60,000	12,18,000	25,000	25,000
2008-09	1,30,000	25,25,000	25,000	30,000
2009-10	1,25,000	12,15,000	30,000	40,000

<b>2011-12</b>	5,0000	12,0000	100000	75000
<b>2012-13</b>	75000	2,00000	2,00000	1,00000
<b>2013-14</b>	12,5000	2500000	300000	100000
<b>Total</b>	895000	8206000	840000	472000
<b>GRAND TOTAL</b>		<b>10413000</b>		

**3.1.4. Does the college promote participation of the students in research through the academic programme?**

- Research aptitude is also developed among students through Project Work/Seminars and Workshops.
- The PG and UG students are also encouraged to present a paper /topic in seminar/symposia organized at departmental level.

- The PG students are getting timely information on National/International Seminars/science congresses and other various scientific programmes and fellowships.

**3.1.5. What are the major research facilities developed and made available on the campus?**

- The college has set up a Central Instrumentation Facility Centre to facilitate higher level research in the institution. The faculty members of all the Science departments will have access to the infrastructure available at the centre for research activity. This centre was commissioned with the following facilities.

<b>Sl.no.</b>	<b>Item detail</b>	<b>Cost in Rs.</b>
01.	FT Infrared spectrometer	10 lakhs
02.	Differential scanning calorimeter	8 lakhs
03.	UV visible spectro photo meter	0.75 lakhs
04.	Rota vaccum evaporator	4.5 lakhs
05.	Coramel reacting work station	3 lakhs
06.	Electronic balance	0.75 lakhs
07.	Electronic centrifuge	0.50 lakhs
08.	Cathode ray oscilloscope	0.25 lakhs
09	Binocular microscope with camera	3.50 lakhs
	<b>Total</b>	<b>31.25 lakhs</b>

- All the departments are provided with a Computer and internet facility with round the clock access.
- Journals, magazines and books of national and international repute are available in the college library for the use of students and researchers.
- The Library is kept open from 9 a.m. to 5 p.m. in all office working days.
- Two Conference rooms and a large auditorium are available in the college to organize any national and international seminar/conference. The conference halls are equipped with multimedia projectors and other facilities for conducting successful events.
- Network connectivity is available for students and teachers in the campus.

**3.1.6. Does the college subscribe to research journals for reference as per the departmental requirements?**

Yes. The college has subscribed to **12** international journals, national journals, magazines and periodicals to meet the requirements of all the departments.

The college has also subscribed to 10 online journals from 2009 which include 2236 titles and 03 e-books to enable the staff to carry out research effectively and for updating knowledge.

**3.1.7. What are the initiatives taken by the institution for collaboration with other research organizations and industry?**

The college has signed MoU with GMRF (Grey Matter Research Foundation, NIT campus, Thiruchirappilli)

**3.1.8. Is there a research committee to facilitate and monitor research? Give details.**

There is no committee to look after research activity at the college level. As per the guidelines of University of Calicut doctoral level research will be monitored by the respective Postgraduate departments of the University. However, faculty members may pursue research activities on their own initiative in the college.

**3.2 Research and Publication Output**

**3.2.1. Give details of the ongoing minor and major projects?**

<b>Sl. No.</b>	<b>Major research Projects</b>	<b>Amount Received</b>
1	Fictionalization of carbon nano-tubes with peptides for designing ultra sensitive diagnostic tool – funded by DST under wos-A schedule	18,00,000

2	Development of cross linked beaded form of agarose for affinity chromatography – funded by KSCSTE	11,00,500
3	Cost effective synthesis of peptide designer molecule – UGC funded	9,89,000
4	Studies on the pteridophyte flora of Peechi-vazhani wildlife sanctuary, Kerala by KSCSTE	20,31,600/-

**3.2.2. Does the college have research funding from the Government, Industry, NGO or International agencies? Give details.**

Yes, TEPP and TDB funding from DST

**3.2.3. Does the college have research students currently registered for MPhil & PhD? Give details of number of MPhils/ PhDs awarded during the last five years?**

Five research students registered for M. Phil from different University. 8 students are registered for Ph.D. from different Universities .Three registered in the University of Calicut, four registered in Bharathiar and one in JNCAR.

**3.2.4. Does the college provide fellowship/ scholarship to research scholars?**

The college does not have any provision to provide fellowship to research scholars.

**3.2.5. Does the college have post-doctoral fellows currently working in the institution?**

Yes, One under the guidance of Dr. K.P. Subhashchandran .

**3.2.6. Give highlights of the collaborative research conducted by the faculty.**

Dr. K.P. Subhashchandran has done collaborative research with Greymatter Research foundation. Science park of NIT Trichy in the study of Confluence of nano technology with peptide chemistry.

**3.2.7. What research awards and patents were received by the faculty during the last five years?**

The college faculty did not receive any patent during the last five years. However, some members of the faculty have received other kinds of honours and awards

**3.2.8. Are there Research papers published by the faculty in refereed journals periodically? If yes, specify.**

In the last five years faculty members have actively contributed their research articles in refereed journals periodically. The list is as follows:

Sl. No.	Name of Faculty	Department	No. of Publications
	Dr. K. P. Subhashchandran	Chemistry	9
	Dr. Devikarani	Chemistry	1
	Dr. Vijayalakshmi Amma	Chemistry	6

	Dr. R. Manu Panickar	Chemistry	19

### ***3.3 Consultancy***

#### ***3.3.1. List the broad areas of consultancy services provided by the institution during the last five years (Industries, Government, NGO/ Community/ public)***

The college has not provided specific consultancy services to organization/community and public during last five years. However, the college has allowed research scholars (even from outside) to make use of the infrastructure available in the college.

The college has no objection to individual faculty members engaging in consultancy services.

**3.3.2. Does the institution publish the expertise available for consultancy services?**

No, the college does not publish the expertise available for consultancy services.

**3.3.3. Give details regarding the nature of consultancy services and revenue generated? What are the mutual benefits accrued due to consultancy.**

a) The college does not earn revenue from any kind of consultancy given by the individual faculty members of the departments

**3.4 Extension Activities**

**3.4.1. What outreach programmes are organized by the institution? How are they integrated with the academic curricula?**

Outreach programmes conducted/organized by the college.

- **NCC**
  - Blood donation
  - Poor home visits and donation of medical kits and cleaning materials
  - Participation in communal harmony seminar
  - Co-operation with police authorities in exercising traffic warden duty
- **NSS**
  - The Orientation programmes
  - legal awareness camp on Cyber Crimes
  - blood donation camp
  - Awareness campaign against drugs and alcohol
- **ENVIRO CLUB**
  - Two days awareness programme in mundathikod panchayath
  - One week training to selected students of P.G. and Research in water quality testing programme.
  - A family health survey campaign of three days conducted in kolazhy panchayath
  - A free medical camp and an exhibition of health programme conducted in kolazhy panchayath.
  - Free water testing quality parameters conducted in selected panchayaths of Thrissur panchayath.

**3.4.2. How does the college promote institution-neighbourhood network in which students acquire service training, which contribute to sustained community development?**

- The college promotes institution-neighbourhood network through NCC, NSS, ENVIRO CLUB

**3.4.3. How does the institution promote the participation of the students and faculty in the extension activities of NSS, NCC, YRC and other NGOs? How often and in what roles are they involved?**

The students are encouraged to enrol in NSS & NCC.

The students/faculty members who participate in extension activities are granted leave on duty/attendance for the missed classes

**3.4.4. Is there any research or extension work to ensure social justice and to empower under-privileged sections in particular, women and children?**

Yes, we have an outreach programme for disabled children (For learning disability, autism, ADHD and for slow learners). One of our Associate Professors of Chemistry department Dr. K.S.Vijayalekshmiamma is working as an honorarium director of Autism child welfare centre owned by Kerala Government. She is counseling differently abled children and their parents. She is an invited member of the South Asian Autism conference held on February 2013 and December 2011 at New-Delhi supported by WHO.

**3.4.5. What is the impact of extension on the community? Specify.**

50 children per year are beneficiaries of this centre.

**3.4.6. Does the college receive awards/ recognition for extension activities?**

No, the college has not received any award for extension activities.

### **3.5 Collaborations**

**3.5.1. How many linkages does the institution have for research and extension?**

The college has several linkages for research and extension.

**3.5.2. List the organizations and the nature of linkage and expected outcomes.**

Nil

### ***3.5.3. How does the linkage promote***

- a) Internship
- b) 'On-the-job' training
- c) Faculty exchange and development
- d) Research
- e) Consultancy
- f) Extension
- g) Publication

#### ***h) Student Placement***

##### **On-the-job-training**

- The respective Heads, observe/monitor the students activities related to their training programmes and schedules at different places.
- To execute this, the respective heads prepare a schedule well in advance to facilitate the training of students. The students have been doing their on-the job training at various institutes.

##### **Faculty Exchange and Development**

There is no provision for exchange programmes.

##### **Research**

The institution encourages the faculty members to apply for UGC Major and Minor Research Projects, participation in international/ national conferences and publications. The college allows the faculty members to utilize the infrastructure available.

##### **Consultancy**

The college has not entered into any formal agreement to provide consultancy to any organization.

##### **Extension**

Staff members and students are motivated to carry out extension activity

## **Student Placement**

Many students have been placed through campus interviews over the last five years in various software companies, media houses and industries.

### ***3.5.4. What measures has the institution adopted to enhance the quality of Research, Consultancy and Extension during the last five years?***

In order to enhance the quality of research the following measures have been adopted:

- In each Science department funds have been received from the UGC for basic research and, necessary apparatus have been installed.
- In addition to this, a Central Instrumentation Facility centre has been established to promote high quality research.
- Faculty members are motivated to participate and present research papers/articles in various national and international symposia/seminar
- The college is continuously upgrading existing infrastructure (labs & library) to pave the way for further research.
- During the last five years the college has spent significant amount on infrastructure improvement, books purchase, and apparatus purchase and installation for research by the college.
- In near future the college looks forward to establishing linkages and providing consultancy and extension to various institutions.

## **3.6 Best Practices**

### ***3.6.1. Describe the best practices in research, consultancy and extension with reference to promotion of research/ publication output/ consultancy and extension activities/ collaborations.***

#### **Research**

To promote research in the college a Central Instrumentation Facility centre has been established.

- The college plans to set up a research committee of faculty members who will monitor the activities conducted at the centre.
- Access to the centre will be granted not only to the college faculty but also to research scholars/faculty from outside.
- The college plans to earn revenue from this centre through consultancy and

collaboration. The revenue earned will help in maintenance and procurement of more apparatus for quality research.

### **Publications**

Faculty members are motivated to publish their research finding in national and International journals.

- During the last five years 97 Research papers in national and international journals have been published.
- Books and chapters in books, articles in proceedings of national / international symposia / seminars, thesis, abstracts and other articles (in various magazines and dailies) have been published by faculty members
- During last five years several faculty members participated in national and International conferences, respectively.

### **Consultancy**

All staff members are encouraged and given full freedom to offer consultancy

### **Extension**

Staff members and students are motivated to carry out extension activity

### **Salient features:**

- The mission of the college is to impart higher education to the surrounding population with special emphasis on rural population.

## **CRITERION IV: Infrastructure and Learning Resources**

### ***4.1 Physical Facilities***

***4.1.1. How well endowed is the college in terms of physical infrastructure-classroom, administrative buildings, staffroom, transport, water, power supply, etc., to run academic programmes? Enclose the master plan of the college campus indicating the existing buildings and the projected expansion in the infrastructure.***

#### **Physical infrastructure :-**

The college campus occupies an area of 35 acres.

#### ***Classroom***

- At present the college has 27 classrooms out of which 22 classrooms are large in size; each can easily accommodate more than **60** students.
- **11** classrooms are of moderate size and can accommodate up to **60** students .
- **10** classrooms are smaller size and can accommodate up to **60** students.
- In addition to classrooms, the college has **03** audio rooms, laboratories, computer labs, **1** gas plant for labs .

#### ***Administrative buildings***

- The college has 02 administrative rooms and 01 office.
- It also has 03 conference rooms.

#### ***Staffroom***

- There are separate staff rooms for each department in the college. Meetings of the Staff Council are held at mini auditorium.

#### ***Transport***

- The college has not made any provision of transport for either teachers or students.
- The college plans to introduce transport facility in a phased manner in the coming future.

#### ***Water***

- The college has one open well, one pond and one underground well to cater to the needs of the college

### ***Power supply***

- Govt. high-tension transformers, generators to meet the power needs of the college

### ***Other facilities***

- Halls
- Store rooms
- Doctor's Room
- General Research Lab
- Canteen
- Photocopying Facility For Students
- Photocopying Machines
- Intercom
- Internet facility for students and staff
- Computer In Each Department
- ladies waiting room with toilets
- open air auditorium
- botanical garden
- public announcement system

The master plan of the college showing the buildings and other sites (refer annexure II)

### ***4.1.2. What are the infrastructure facilities available for a) Academic activities b) Co-curricular activities (Auditorium, Open air theatre, etc.) c) Sports (Swimming pool, indoor facilities, Gymnasium, etc.) d) Laboratories e) General computer education f) Other activities***

#### ***a) Academic activities***

For all academic activities the college has the following facilities:

- Multi-media Projectors in classrooms
- OHP
- Slide projectors

#### ***b) Co-curricular activities (Auditorium, Open air theatre, etc.)***

For co-curricular activities the college utilizes the following space:

- small auditorium
- The college quadrangle is used for General Assembly
- *Pandals* are set up in the college premises during important college functions such as College Annual Day.

*c) Sports (Swimming pool, indoor facilities, Gymnasium, etc.)*

The college has a football ground and a volley ball court, which also caters to the sports activities of the college.

- Boys recreation room
- Gymnasium

*d) Laboratories*

The following departments have laboratory facilities:

Physics- 3 labs  
Chemistry-4 labs  
Botany-1 lab  
Zoology-1 lab  
Computer lab-1  
Language Lab-1

*e) General computer education*

The college promotes the general computer education in the following ways

- Computer is also offered as a certificate course up to 2008.  
The college has a well maintained computer lab.

*j) Other activities*

- Water coolers
- Separate office of games in-charge

**4.1.3. Has the institution augmented the infrastructure to keep pace with its academic growth? Specify the facilities and the amount spent during the last five years.**

The college management is aware of the limitations of space in the campus. It has made commendable efforts to augment the infrastructure to keep pace with new demands after the introduction of new courses. **On the basis of NAAC report the college has taken up the following initiatives during the last five years.**

- **Ladies waiting room**
- **Play Ground**
- **National Cadet Corps[NCC] room**
- **Campus cleaning**

**4.1.4. Has the institution provided facilities like common room, wash/ rest room for women students and staff?**

- Yes, women students have their own common room and separate washrooms.
- Separate washrooms are available for women staff on ground and first floor of the main building.

**4.1.5. What are the steps taken for optimal utilization of infrastructure facilities?**

Public service commission examinations, awareness classes for public and students.

**4.1.6. What are the facilities available for differently-abled students?**

- The main library, the reading room and office room are situated on the ground floor of the college building which makes these easily accessible for differently-abled/ physically challenged students.

**4.2 Maintenance of Infrastructure**

**4.2.1. What is the budget allocation for the maintenance of a) Land b) Building c) Furniture d) Equipment e) Computers f) Transport**

In the last five years the college has allocated the following sums for the maintenance of the following:

Sl.no	Infrastructure	Amount
01	Land	Nil
02	Building Maintenance	15 lakhs
	New construction	2 lakhs
03	Furniture	1 lakh
04	Equipment	50 lakhs
05	Computers	7 lakhs
06	Transport	nil
	<b>Total</b>	75 lakhs

The college does not provide transport facility for students and faculty, so it does not make any budgetary allocation for the same.

- In the last five years Rs. 3 lakhs was spent on transportation for administrative purposes.

#### ***4.2.2. How is the budget optimally allocated and utilized?***

The budget is prepared keeping in mind the annual expansion plans and allocation of funds to the various departments for maintenance and improvement of infrastructure. The expenditure is earmarked under planned heads and non-planned heads. If the need arises for supplementing the funds, earmark under either head, the Principal propose additions. All financial matters are discussed and ratified as per need by the Governing Body.

#### ***4.2.3. Are the staff appointed for maintenance and repair? If not, how are the infrastructure facilities, services and equipments maintained?***

The college has appointed the following for maintenance and repair:

- **02** electricians to maintain the workshop
- **01** plumber for general maintenance
- **01** technician to maintain computers and internet lease line
- **01** individual to maintain the generators
- In addition to these the college also utilizes the services of workers on daily basis

#### ***4.2.4. How is the infrastructure optimally used?***

The infrastructure is used optimally used in the following ways.

- Class timings are scheduled in such a manner that there is minimum problem for room availability to conduct the classes.
- Offices and library are located in the ground and first floor, which does not disturb the conduct of classes on the upper floors of the college.
- Silent generators have been installed for power back up which allows for classes to be held even after sunset, in the case of power shortages.
- A photocopying centre exists in the campus.
- Canteen is located at the far end of the college ground.

#### ***4.2.5. What is the mechanism for maintenance of computer, other network facilities, and library and information facilities?***

- The college has appointed one technician to maintain the computer and network facilities such as the server, the leased line for internet, and the department computers.
- In case of any major technical problem, help is sought from outside.

- The college library is looked after by a team of skilled and experienced personnel.

### ***4.3 Library as a Learning Resource***

#### ***4.3.1. How does the library ensure access, use and security of resource?***

The college library is kept open on all working days, including examination days between 9am and 5pm.

- All services are available in the library such as book transactions, internet service, reference service, periodicals, etc.
- The library has a large reading room, which can accommodate 50 students at a time.
- The ambience of the reading room has been improved as per the recommendations of the previous NAAC peer team report.
- The reading room is open on all working days and between 9 am and 5 pm
- A separate enclosure for magazines and periodicals has been constructed.
- Sufficient number of library staff is available to maintain the resources in the library.
- All the functions of the library are computerized, which ensures effective services.

#### ***4.3.2. What are the facilities available in the library? (Computers, Internet, Reprographic facilities, etc.)***

- The library is fully computerized.
- There are 04 computers, with internet facility in the library
- Bar coding has been completed.
- The central library has subject specific and general books.

#### ***4.3.3. How does the library collection cater to the needs of the users?***

In order to cater to the needs of the users the following arrangements have been made.

- Subject specific and general books are both available in the central library.
- All purchases are made on the recommendations of the respective departments, as per the syllabus revision and the need of the students.
- Departments also have reference books and journals.

**4.3.4. What is the stock of books in the library? (titles)**

Total no. of books available in the library stands at 27081

**4.3.5. Furnish the information regarding the number of journals subscribed by the institution.**

The college subscribes to 12 journals. The subject-wise number is as follows.

<b>Subject</b>	<b>Number of Journals Subscribed</b>
CHEMISTRY	4
PHYSICS	4
BIOLOGY	3
MATHS	1
<b>Total</b>	<b>12</b>

**4.3.6. How does the library ensure purchase and use of current titles, important journals and other reading materials?**

The college makes the following provisions for the purchase of books, journals and other reading materials.

- Rs. 30,000 are allocated to physics and chemistry and Rs.10, 000 each for rest of the departments every year for the purchase of books, journals and other reading materials.
- The UGC grants, whenever received for the purchase of books are optimally utilized.
- Rs. 7, 80,000 fund was spent on the purchase of books and journals during the last five years.
- Altogether a total sum of **Rs8,48,299** was utilized for the purchase of books during the last five years.

**4.3.7. If the library has an archives section, to what extent is it used by the readers and researchers?**

NIL

**4.3.8. How are the on-line and internet services in the library used by students and faculty? Specify the hours and frequency of use.**

On-line and internet services are available in the library.

- At present there are **03** no. of computer equipped with internet facility for the use of the students during library hours.

- Some departments also have separate computers with internet facilities for the students.
- Faculty members usually access the internet through the departmental computer.

**4.3.9. Are the library services computerized? Does the institution make use of INFLIBNET/ DELNET/ other facilities? Give details.**

- Yes, Library automation has been completed.
- Bar coding has been completed.
- DELNET facility.

**4.3.10. How many days is the library kept open in an academic year? How long is the library kept open per day – During normal working days, during examinations?**

The library is kept open on all days except on Sundays and public holidays.

During normal working days and during examinations the library is kept open as per routine timings for the convenience of the students.

**4.3.11. Does the library have an Advisory Committee? What are its functions?**

Yes, the library has an advisory committee. Purchases are made on the recommendations of the respective departments and final approval of the Principal.

**4.3.12. What is the amount of money spent on new books, journals during the last five years?**

Details of expenses on new books and journals during the last five years are given below.

<b>Year</b>	<b>Expenditure</b>
2008-2009	1,11,624
2009-2010	1,50,779
2010-2011	2,51,724
2011-2012	1,93,190
2012-2013	50,342
2013-2014	90,640
<b>total</b>	<b>8,48,299</b>

**4.3.13. How does the library motivate students/ teachers to read existing and new arrivals?**

The college students are motivated to make optimal use of the books and journals available in the library.

- At the commencement of each semester the dedicated faculty members counsel the students on the resources available in the departmental as well as central library.
- New arrivals are displayed in the display section of the central library.
- Departmental library schedule is intimated to the students.
- Circulation of books is ensured by lending books for specified durations.

***4.3.14. What are the special facilities offered by the library to the visually challenged and physically challenged person? How are they used?***

- Since the library is situated on the ground floor physically challenged students can access it easily. Help is extended by the library staff as and when needed.
- There are no facilities for visually challenged students.

***4.3.15. List the infrastructural development of the library over the last five years?***

- A separate enclosure has been made for the display of magazines and periodicals.
- Local and national dailies are available for the students.
- Encyclopaedia has been made available.
- Library is completely automated.
- Bar coding has been completed
- Computers with internet facility have been made available.

***4.3.16. Describe the various information services provided by the library? (clipping, reference etc.)***

The library has no service like clipping. However there is a reference section in the library.

***4.3.17. Describe steps taken for making the library user-friendly.***

- Faculty members may borrow necessary books as per need.
- Information regarding new arrivals is displayed.
- Magazines, periodicals, local and national dailies are kept in a separate enclosure.

#### ***4.4 ICT as a Learning Resource***

##### ***4.4.1. How is the computer facility extended to all faculty and students?***

The college has extended computer facility to all faculty and students. The college have leased line internet facility is available 24x7.

- The office of the Principal has four computers with internet facility.
- All departments are equipped with computer and internet facility for both faculty and students.
- The library has **03** computers with internet facility, which can be used by the students during library hours.
- All the computers (20) in the Computer laboratories (10) are connected to the internet.
- The Central Instrumentation facility has one computer with internet facility.

## 22. Awards / recognitions received by faculty and students:

### 1. Dr. K. P. SUBHASH CHANDRAN

Association with Professional body's: 1) Member, Asia & Mideast Association of chemist

2) Member, Advanced Computing and Communication Society (ACS), Bangalore

Special Activities : (1) Co coordinator –The first among the government aided colleges in the state to have a Wi-Fi enabled campus at Sri Vyasa NSS college. A Rs- 1300000/- project under MPLADS Ottappalam

Invited talks : 1) St. Mary's college, Thrissur (UGC Sponsored seminar)  
2) St. Dominic college, Kanjirappilly (UGC Sponsored workshop)  
3) NSS college Nenmara (UGC Sponsored seminar)

### 2. Dr. R. Manu

#### Invited Talks /Key note address

1) Delivered an invited lecture on title **“Surface profiling of exotic materials using XPS (X-ray photoelectron Spectroscopy) in connection with Hydrogen Energy and Advanced Materials (HEAM Scientist) conference** held at Department of Chemistry, Univ. of Kerala, Kariavattom campus, Thiruvananthapuram on 11-12 December-2013

2) Delivered an invited lecture on title **“Surface profile using XPS (X-ray photoelectron Spectroscopy) in connection with Hydrogen Energy and Advanced Materials (HEAM) conference** held at **Mar Ivanious College, Nalanchira, Thiruvananthapuram** during 6-9 November -2013.

3) Delivered a talk as key note speaker on title “**Recent progress in Electrochemical research**” in connection with Science day celebration at Raju`s College of Arts and Science, at Rajapalayam, Tamilnadu on 28<sup>th</sup> Feb. 2013

4) Delivered a talk as invited speaker on title “**Electrochemistry: Concepts to Applications**” Govt. College, Kasaragod, Kerala, Recent Challenges and Progress in Chemistry-2012, (RCPC)- Feb. 16-18, 2012

### **Awards**

- Received **Best Paper Award** for the paper titled “**Fabrication of Flexible Cu-MWCNT thin films for electronics applications**” **NCEDAR-2012** held at J.N. Tata Auditorium, IISc, Bangalore during 4-6<sup>th</sup> december-2012 organized by IPC-India
- Awarded **Research Associate ship by CSIR**, New Delhi to do postdoctoral work. Council of Scientific and Industrial Research (CSIR) is coming under Ministry of Science and Technology, Govt. of India. CSIR has 37 labs working under various fields and CECRI (Central Electrochemical Research Institute) one such establishment.

### **Member in professional bodies**

**30. Number of students of the department getting financial assistance from College, University, government, other agencies:**

75% students are enjoying K.P.C.R.Scholarship, 2% avail Suvarnajubilee Scholarship.10%students were eligible for U.G.C. Stipend and 10% got U.G.C. Travelling allowance.20%belong to S.C. category and they avail the stipend. 20% availing single girl child scholarship instituted by Ministry of Human resource development. Govt. of India.

**31. Give details of student enrichment programmes (special lectures / workshops/ seminar) with external experts:**

**32. Teaching methods adopted to improve students' learning:**

In addition to blackboard and chalk we adopt PowerPoint presentation for teaching. Virtual classes have been arranged through web based teaching methods through on-line teaching practices. Teachers make use of ball and stick models as well as paper models to explain the structure of molecules. B.Sc. Students are taken to industries / research centers to enhance their research aptitude. Small projects are done by B.Sc. Students in their laboratories itself while most of M.Sc. Students are doing their project work in industries or research centers by which they are getting more exposure. Student seminars were conducted at periodical intervals in each semester programmes on selected topics to enhance teaching skill and for in-depth understanding in those topics.

**33. Participation in Institutional Social Responsibility (ISR) and Extension activities:**

20% BSc. Students are enrolled in national service scheme.They are very dedicated and do services such as cleaning public places, helping some selected poor families physically as well as financially. They are very active in cultivating vegetables in college compound without the use of pesticides. NCC students are doing their services in a different way. They try to help keeping discipline in need especially at the time of admission, union activities etc

### **34. SWOC analysis of the department and Future plans:**

1. Teachers in the department plan to organize /attend lectures and seminars.
2. The department is planning to publish magazine with contribution from students and staff.
3. The Chemistry department in consultation with other Science departments is planning to offer supporting courses Public Health and Hygiene, Environmental Science etc.
